Registration Process

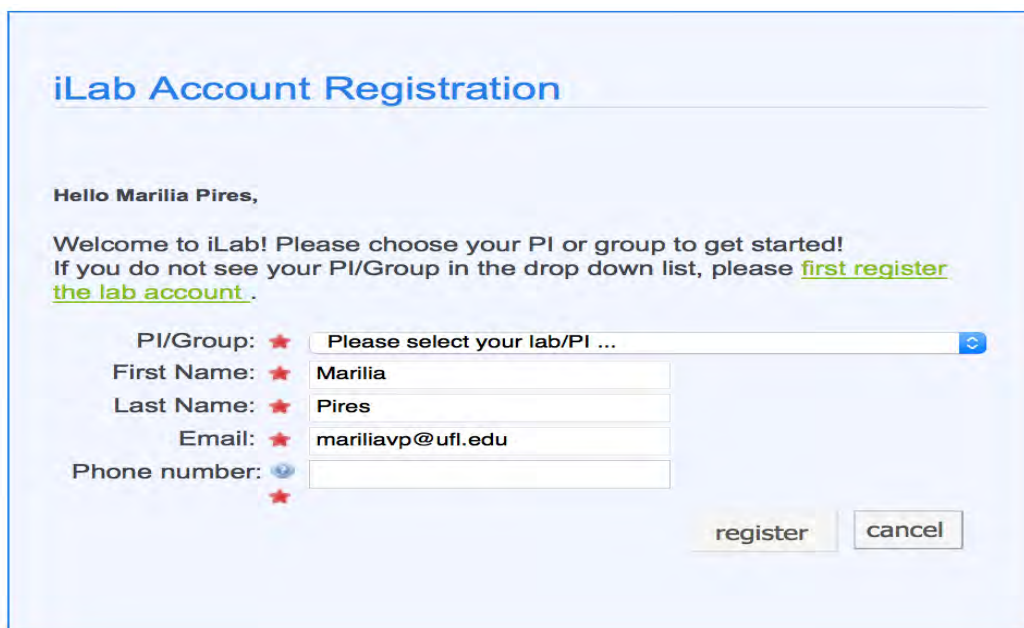

Internal User (UF Customers)

1. Navigate to <https://ufl.ilab.agilent.com/>
2. Under the section UF Customers, click the [here](#) link to register using your GatorLink username and password.

The screenshot shows the top portion of the iLab registration page. On the left, a red warning message states: "You are about to enter the private network of iLab Solutions, LLC. Unauthorized entry and/or use of this system may subject you to both civil and criminal liability under applicable state and/or federal laws and regulation." In the center is the University of Florida logo with the text "UNIVERSITY of FLORIDA" and "The Foundation for The Gator Nation". To the right, under the heading "UF Customers:", there is a link "Click [here](#) to login or register using your University of Florida login and password." Below this, under "Non-UF (Non-profit & Commercial) Customers:", there is a checkbox for "Login using iLab credentials" which is currently unchecked. A link "register" is provided for users without an account. At the bottom, there are two lines of text: "Please email support@ilabsolutions.com if you are experiencing problems with your username and password." and "Please call the UF Computing Help Desk at (352) 392-4357 if you need to reset your UF password." The footer indicates "Copyright © 2008-2015 an iLab Solutions product".

3. Upon successful authentication, you will be prompted to select your PI/Group from the drop-down menu and provide your phone number.

The screenshot shows the "iLab Account Registration" form. It begins with a greeting "Hello Marilia Pires," followed by a welcome message: "Welcome to iLab! Please choose your PI or group to get started! If you do not see your PI/Group in the drop down list, please [first register the lab account](#)." The form contains several input fields, each preceded by a red star icon: "PI/Group:" with a dropdown menu showing "Please select your lab/PI ..."; "First Name:" with the value "Marilia"; "Last Name:" with the value "Pires"; "Email:" with the value "mariliavp@ufl.edu"; and "Phone number:" with an empty field. At the bottom right of the form are two buttons: "register" and "cancel".

4. Submit the completed registration form. Upon submission, your PI will receive a notification with your lab membership request.

Questions? Please call 352-273-8030 or email ICBR-iLab@ad.ufl.edu

5. If you do not see your PI/Group in the drop-down menu, please fill out the form located here:
<https://biotech.ufl.edu/ilabregistration/>
6. You will be sent an email with basic instructions on using the system at this time. However, you will not be able to request services or schedule equipment with your new account until your PI has approved your lab membership request.

External User (Non-Profit & Commercial)

1. Navigate to <https://ufl.ilab.agilent.com/>
2. Under the section *Non-UF (Non-Profit & Commercial) Customers*, click [register](#) link.
3. Complete and submit the registration form. Upon submission the iLab Support will receive a notification with your account request.
4. Once your institution/lab membership has been verified, you will be sent a Welcome Email with login credentials and basic instructions on using the system at this time. However, you will not be able to request services or schedule equipment with your new account until your PI has approved your lab membership request.

My Homepage

Upon initial login to iLab (from institution landing page), you will land on your homepage. Set your account time zone, then click *Update my time zone*.

On your homepage you can:

1. View messages (*communications* link)
2. View past and future reservations (*my reservations* link)
3. View service requests or projects submitted to cores (*view requests* link)
4. View a list of cores that you can access (*list all cores* link—more information below)
5. View invoices (*invoices* link)
6. View details about your lab (*my labs* link)
 - a. If you are a PI or Lab Manager, you can manage your lab(s) with this link.
 - i. How to manage lab members:
 1. Click on the *my labs* link in the left menu to view the *Members* tab under the lab page.
 2. Under the *Lab-wide approval settings* heading, the PI, Lab Manager, or Financial Administrator can set a maximum dollar limit individual lab members can use to approve their own requests.
 3. Under the *Lab members and settings* heading, a list of all lab members is displayed. The PI or lab manager can edit each member's membership and add members (if they have an existing account in iLab) to your lab by clicking *link existing user* button.

ii. How to add funds and assign funds to lab members (internal customers only):

1. Click on the *Membership Requests & PeopleSoft Projects Numbers* tab under the lab page.
2. Under the *Manage PeopleSoft Project Numbers* heading, click on the blue arrow next to *Manually add a new Payment Method*. This will open and provide a field where the PI or Lab manager can type in the chartfield string in the specified format.
3. Click *Add*. The chartfield string will be added under the *Manage PeopleSoft Project Numbers* heading along with a list of the lab members. Check the box to the right of the lab member's name to assign the chartfield. When the lab member requests services or schedules time on equipment, this chartfield may be selected to charge the service against.

Questions? Please call 352–273–8030 or email ICBR-iLab@ad.ufl.edu

Accessing ICBR Cores

To access ICBR cores (from your homepage):

1. Click on *list all cores* under the *core facilities* heading in the left-hand menu.
2. The *List All Cores* page will provide a list of cores at the University of Florida (divided by organization) that are available in the system. To navigate to a given core, click on the organization's name, followed by core's name.

Search for cores (cores at internal institution) Clear

▼ Cores at SECM

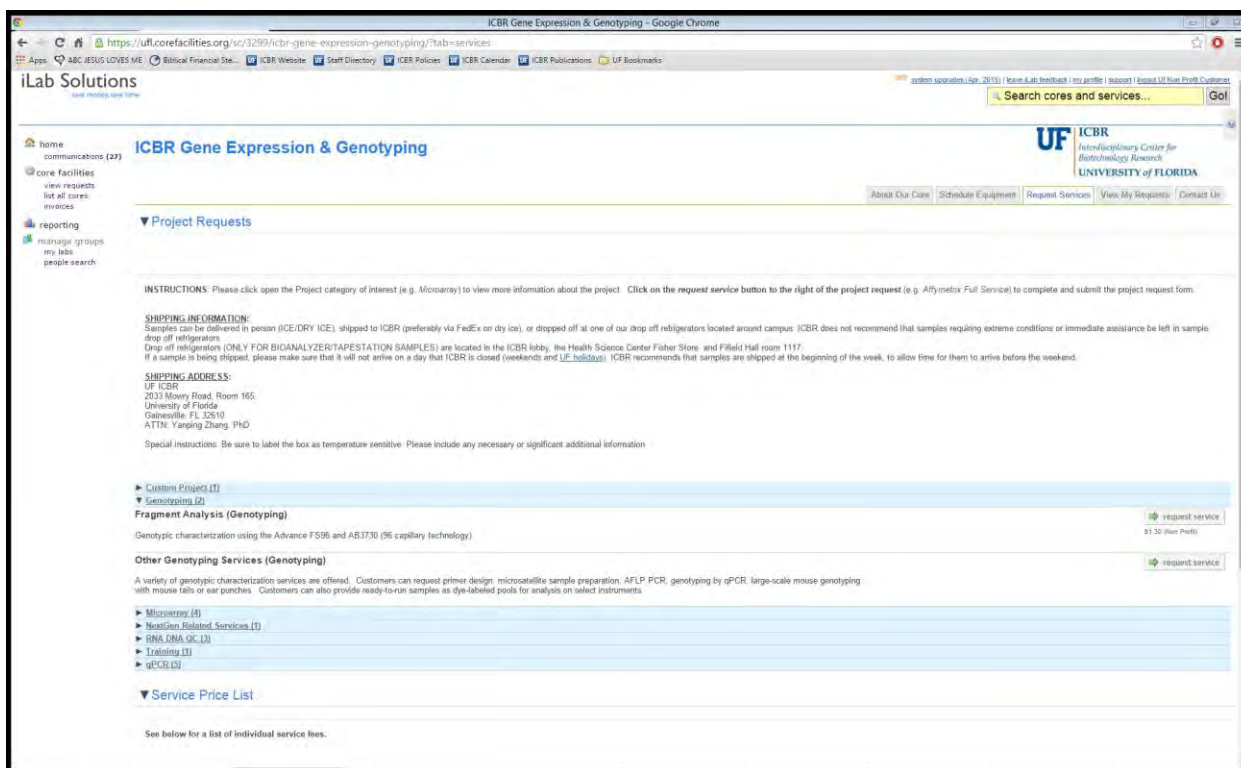

► Other cores

3. After clicking on the core's name, you will land on the core's *Request Services* tab or *Schedule Equipment* tab.

Requesting Core Services

1. On the *Request Services* tab, click the Project category of interest (e.g. *Genotyping*) to view more information about the project. Click on the *request service* button to the right of the project request (e.g. *Fragment Analysis*) to complete and submit the project request form.

Questions? Please call 352-273-8030 or email ICBR-iLab@ad.ufl.edu

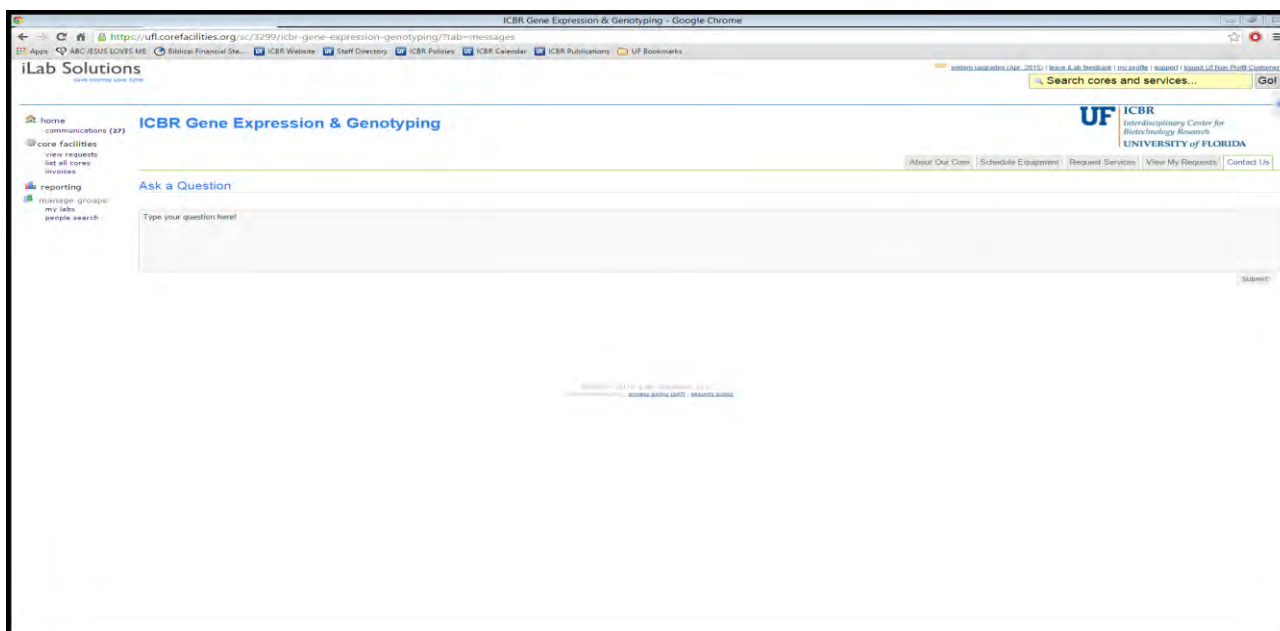

2. If you are a member of other labs, a pop-up message will appear; you will be asked to select which lab the request is for.

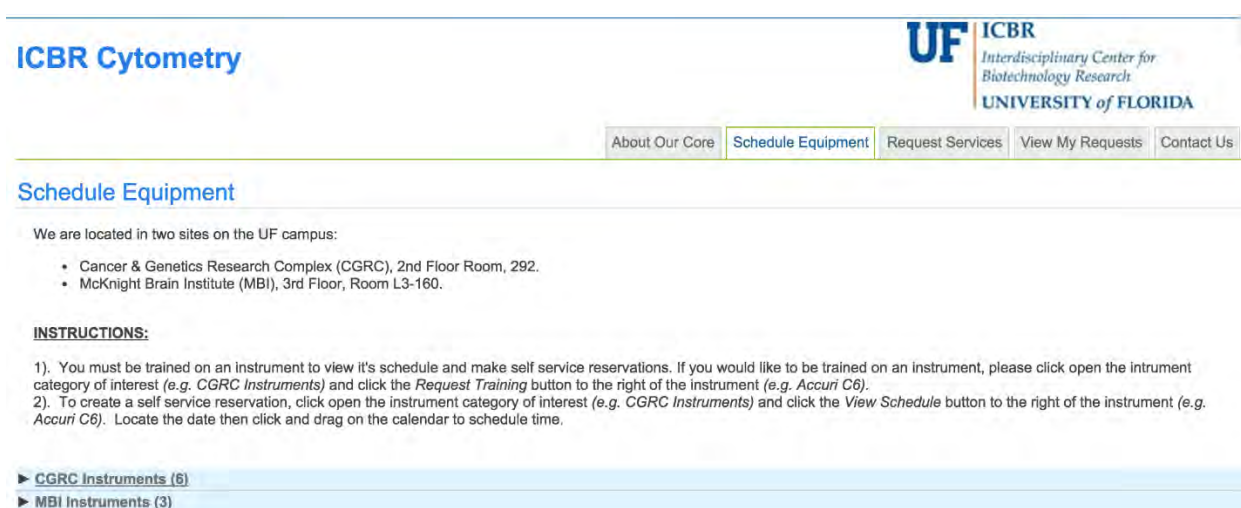

3. Fill in all of the required fields and save the form. Enter the payment method before submitting the request to the core.
 - a. If you do not have any funds assigned (internal customers), your PI/Lab Manager will need to add and assign funds to you in iLab.
4. Click *submit request to core*.
5. The core will review the request, add fees, agree to the request and begin the work. Fees that are added to a request are a projected cost.
6. You will be notified of request status.
7. If you have any questions about the services, fees or forms, please contact the core staff directly. You can click on the *Contact Us* tab to leave a message for the core.

Questions? Please call 352-273-8030 or email ICBR-iLab@ad.ufl.edu

Scheduling Time on Equipment

1. On the *Schedule Equipment* tab, you can view the different instruments or resources the core has available.

2. You must be trained on an instrument to view its schedule and make self-service reservations. If you would like to be trained on an instrument, please click the instrument category of interest (e.g. *CGRC Instruments*) and click the *Request Training* button to the right of the instrument (e.g. *Accuri C6*).
3. To create a self-service reservation, click the instrument category of interest (e.g. *CGRC Instruments*) and click the *View Schedule* button to the right of the instrument (e.g. *Accuri C6*).

Questions? Please call 352-273-8030 or email ICBR-iLab@ad.ufl.edu

Sony SH800 Cell Sorter

description pricing

view schedule

request training

This instrument is equipped with 3 lasers and 6 fluorescence detectors. It is capable of exciting fluorescent dyes in the violet, blue and red regions of the spectrum. Emission options run from the blue to the far red. (New users should first discuss their plans with a staff member to get feasibility details.) It can sort cells at rates of up to 10,000 per second, and offers 2-way sorting into tubes. This instrument is available for training and subsequent self-service use.

7. Review your reservation details. The *Scheduled* text boxes can be edited if desired start/end times were not accurately captured.
8. Complete the required form and provide payment information for your request before submitting the request to the core. If you do not have any funds assigned, your PI/Lab Manager will need to assign you funds in the system.
9. After you have completed the reservation details on the form, click the *Save Reservation* button.
10. Your reservation may need to be approved by the core, you can confirm this by viewing your *Home* page (click the *Home* button on the upper left corner of iLab).

Updating Payment Methods

If you are the PI, Lab Manager, or Financial Administrator of the lab you can update the payment methods at any time before the request or reservation is completed by the core.

To update the payment method of a request:

1. Click on the *view requests* link on your homepage.
2. Click on the *All Requests* tab on the upper-right corner of the screen.
3. Filter for the service request of interest.
4. Click on the green dollar sign on the upper-right corner of the request.
